NEIGHBORHOOD COYOTE PROGRAM REPORT

Prepared by Natalya Romo, Management Aide

NEIGHBORHOOD COYOTE PROGRAM

The Neighborhood Coyote Program serves as an avenue to address, educate, and report coyote interactions as well as safety issues caused by coyotes within the San Gabriel Valley. Through education and resourcing, we want to ensure the safety of residents and pets. The Neighborhood Coyote Program provides various methods to report coyote encounters as well as tips and information to promote coyote safety.

The Neighborhood Coyote Program provides various methods to report coyote encounters as well as tips and information to promote coyote safety.

The Neighborhood Coyote Program provides the following services:

- Hotline Access
- Reporting Tools
- Referrals to Resources
- Pet Safety Planning
- Crisis Intervention
- Workshops and Training

MONTH AT GLANCE

In the month of February, residents have not begun reporting coyote activity utilizing the hotline, online reporting, and Coyote Cacher. The Program met with the Azusa Unified School District to collaborate and identify outreach opportunities for students. The Program engaged the Police Department to determine possible partnerships. All promotional materials were delivered to the SGVCOG office within the last week of February. The materials have been rationed and will be ready to be delivered to the City in the month of March.

The Neighborhood Coyote Program prepares for the March Twitter Chat, Wildlife Watch training from California Department of Fish and Wildlife, and scheduled Town halls.

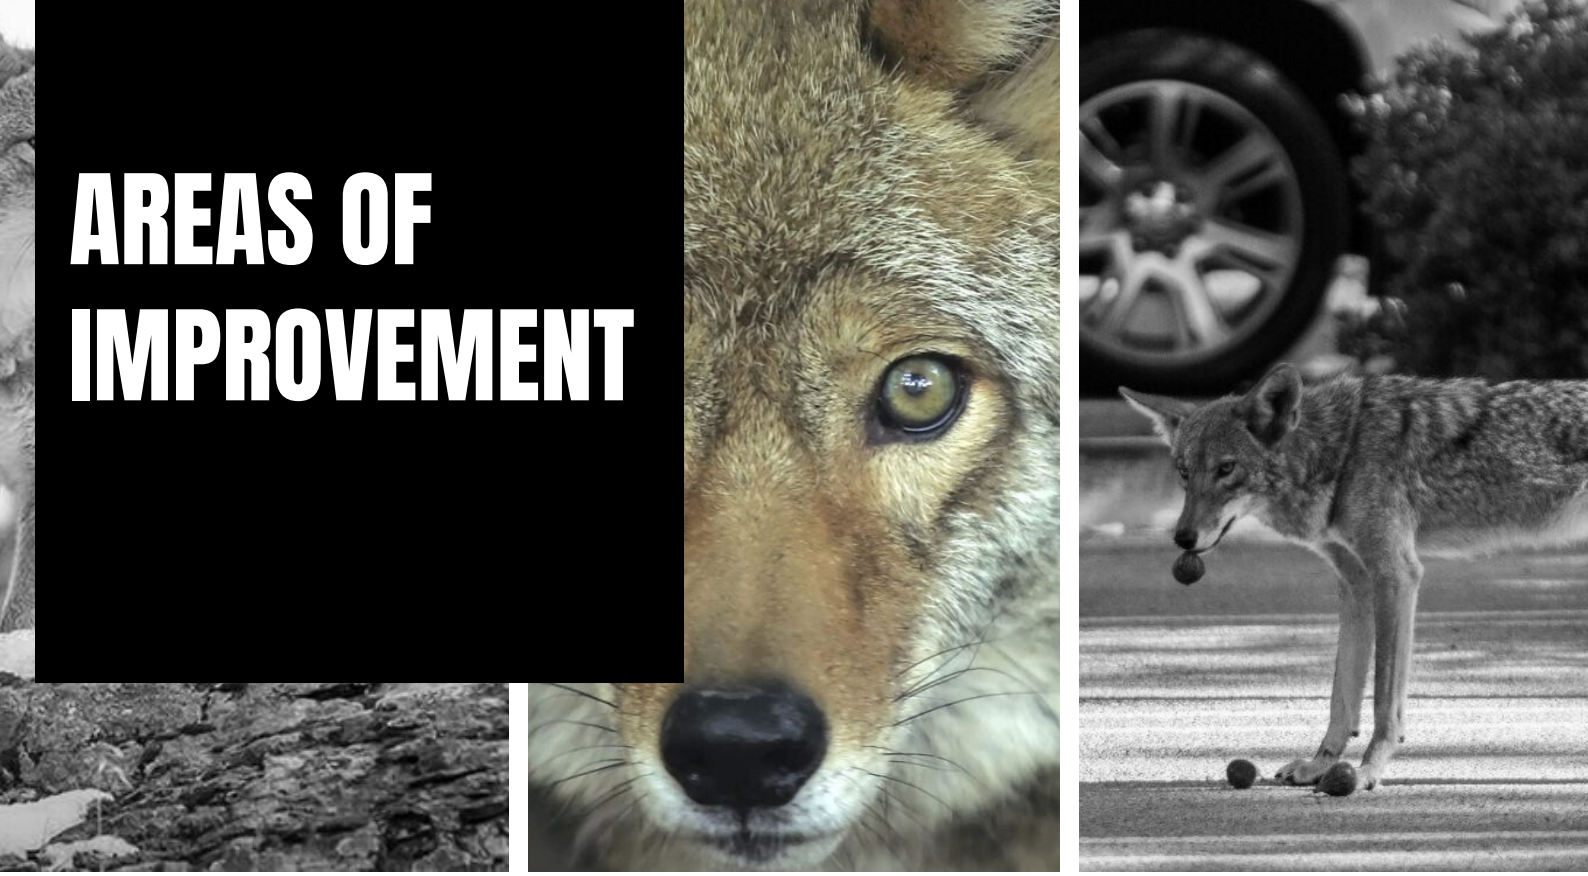

MONTHLY TOTALS AND RESPONSE LEVELS

Within the City of Azusa there were **0** reports of coyote interactions for the month of February. There were no reports made on Coyote Cacher, Neighborhood Coyote reporting form, nor the Program hotline.

Although no reports were made, there is no definitive information that there is no coyote activity within the City.

AREAS OF IMPROVEMENT

It may be beneficial to focus attention on providing information to residents about the Neighborhood Coyote Program, ensuring referrals from City Departments, as well as identifying opportunities to education to residents about normal coyote behaviors, hazing techniques, and coyote attractants.

The background is a collage of three images. On the left, a black and white close-up of a coyote's face and ears. On the right, a color photograph of a suburban neighborhood with houses and a winding road. At the bottom right, a color photograph of a desert landscape with red soil and green shrubs.

THANK YOU!
